Dear Sir

RE: ESTABLISH A RESIDENTIAL DEVELOPMENT

I would advise that your application has been considered and the following decision reached:

That, pursuant to Sections 104, 105 and 108 of the Resource Management Act 1991, being satisfied that no body or person is adversely affected, consent be granted to the application by S Catterall Design to establish a residential development at 48 Seabrook Avenue being Lot 6 DP 16338 for the following reasons:

Subject to conditions, the development -

1. Is orientated to achieve adequate privacy between units and adjacent properties.
2. Has a design which is compatible with units on the same site and other development in the vicinity.
3. Provides adequately for the parking and manoeuvring of vehicles.
4. Is located having regard to the physical features of the site, the outlook, the sun and the road.
5. Is located so that there is no significant domination of adjoining units or sites.

Conditions imposed on the consent are as follows:

1. That all reticulated services, including power and telephone, shall be provided underground.

2. Within 12 months of the issue of the building consent the common access drive shall be formed, sealed and drained to Council standards. In the event that a freehold or cross-lease subdivision is to be carried out, the construction shall be finalised prior to the issue of the Section 224(c) certificate.
3. Within 6 months of the issue of the building consent all other access, manoeuvring and parking areas shall be formed and finished in an all-weather surface, to the satisfaction of the Planning Manager.
4. That all the proposed fencing be erected to the satisfaction of the Planning Manager within 12 months of this consent being granted. An amendment to the fencing proposed is attached (see plan "A").

A copy of the decision and the supporting report is enclosed for your information. If consent has been granted, this lapses in two years unless it has been given effect to within that period (refer Section 125 of the Resource Management Act.) Please also note that the development must be carried out in accordance with the plans and information submitted with the application any conditions of consent. Any time period specified within the conditions of consent must be complied with. A site inspection will be carried out by a Council Officer to check for compliance at any appropriate later date.

Please note that additional requirements may apply if you require a building consent.

If you are dissatisfied with this decision it is suggested you contact Mr Peter Reaburn, Planning Manager, to discuss the provisions relating to the objection procedures under Section 357 of the Resource Management Act 1991. Any objection to a decision (including a condition of consent) must be made in writing within 15 working days of the receipt of this letter.

Should you have any further queries, please do not hesitate to contact Miss Fran Mikulicic of the Planning Department.

Yours faithfully

P D REABURN  
PLANNING MANAGER
